PROFILE

I am a motivated and curious learner, currently stepping into my career in software development. I'm pursuing an internship in Python Full Stack Development at MalTexa Pvt.Ltd, where I'm gaining hands-on experience in building web applications. I enjoy and am eager to grow into a skilled developer by learning from real-world projects and collaborative environments.

WORK EXPERIENCE

2025 - present

MalTexa Technologies Pvt.Ltd

Python Full-Stack Developer - Intern

- Assisting in the development of web applications using HTML, CSS, and JavaScript
- Gained hands-on experience in version control using Git & GitHub
- Improved problem-solving skills by working on assigned tasks and debugging real-time issues
- Tested and fixed small bugs in projects
